

2021-2022 Business Partners for Lighthouse Elementary School and Beacon Cove Intermediate School

Lighthouse Elementary School (K-2) and Beacon Cove Intermediate School (3-5) service over thirty-six local Jupiter neighborhoods and reach more than 1,100 families in Palm Beach County. As “A” rated and Five Star schools, both draw residents and breathe life into the Abacoa/Jupiter area. These families live, work and play in the surrounding area and support local businesses. The success of our community is dependent in large part upon the success of these two neighborhood schools.

To allow the schools to reach their full potential despite budget cuts, the Parent Teacher Organization for these schools funds supplemental personnel, provides enrichment tools to the schools, and helps fund their various extracurricular activities throughout the year. The PTO also provides the man power necessary to support the school’s activities by soliciting, organizing and running large groups of volunteers. The PTO is a non-profit organization, operating solely on donations and monies raised through its annual fundraisers.

For the 2021-2022 school year, we are pleased to offer local business partnership opportunities to expand our donation program and involve local businesses. These programs offer more extensive advertisement opportunities in various ways to our business partners throughout the school calendar year while helping the schools succeed. Please consider making a tax-deductible donation to the PTO at one of the following levels:

| Lighthouse Partner \$1,000 | Pelican Partner \$500 | School Partner \$250 |
